

The Tuxedo is our classic subway tile line. It features White in two finishes, Glossy and Matte, Cream in Glossy and Black in a Satin finish that pairs equally well with both Whites as well as the Cream. Tuxedo expands beyond the traditional 3 x 6 size to a multitude of other sizes as well as a Beveled version in 2 sizes.

**LATO**

## Wall Sizes

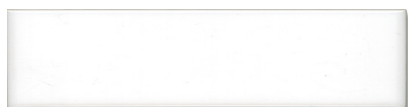

3 x 6 (LATO--/36)

3 x 9 (LATO--/39)

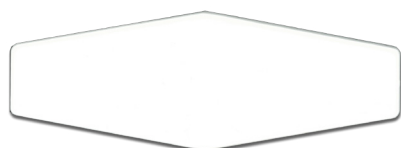

3 x 12 (LATO--/312)

2 x 8 (LATO--/28)

4 x 8 (LATO--/48)

Elongated Hex (LATO--/38EH)

## Colors

### Grp1

Glossy White (LATO1G)

Matte White (LATO1M)

Glossy Cream (LATO83G)

### Grp2

Satin Black\* (LATO9S)

Colors are intended as a guide only and may vary from actual tile. Sizes listed are nominal. Please check samples before making final selection and to get actual dimensions for layout. See reverse side for additional product information.

## Beveled Wall Tile

3 x 6 Beveled  
(LATO--/B36)

3 x 3 Beveled  
(LATO--/B33)

4 x 8 Beveled  
(LATO--/B48)

4 x 4 Beveled  
(LATO--/B44)

\*The Satin Black (LATO9S), like all dark colors, is more susceptible to scratching during installation, handling and use. This special translucent glaze is also subject to crazing.

The 3x3 and 4x4 Beveled are intended as finishing pieces for the 3x6 and 4x8 beveled when used in a subway pattern. They have three pressed edges and one cut edge. We recommend putting the cut edge on the outside edge of the installation.

## INSTALLATION INFORMATION

Tuxedo is intended for interior walls. If installing with a cement-based adhesive, it is recommended to use flexible setting material that meets the ISO S1 standard (e.g. Servolight by Kiesel). All substrates should be properly reinforced to be sure there is no movement. Wood studs need to be dry and properly braced with a minimum depth of 3½". For mortar installations, the mortar bed has to be cured (less than 2% humidity) and has to have proper reinforcing.
